Notes:
1. Drop in Days, I would like to know at the beginning of the week what days you would need. If not able to do that, I will definitely need 24 hour notice, if not I cannot accept.
2. Above rates also include summer rates as well, they do not change for the summer.
3. If rates are to be changed during the year, for current families, it will not go into effect until 6 months later, unless there is a decrease, then it will go into effect 1 month later.
